

Taught by a Certified Childbirth Educator, this class offers a comprehensive overview of labour, delivery and the first 24 hours for both mom and baby. You will receive current, evidence based information guided by best practices, hands on activities, community resources and an opportunity to try our pregnancy simulator for partners. Suggested for the third trimester!

CLASS OUTLINE

Labour and Delivery

- Basic physiology and anatomy of birth
- Signs, symptoms and coping strategies for each stage and phase of labour
- Comfort measures and medical pain relief options
 Hands on practice for moms and partners
 Induction/augmentation options
 Assisted deliveries
